Linprint Bureau Precancel Stamp Album

At last, there is an album for Bureau Precancels, that has spaces for every Bureau Precancel that has been issued, as well as spaces for any new varieties that may appear at any time. This album is an entirely new thought in Loose Leaf Printed Albums.

The Linprint Universal Album is suitable for Bureau Precancels as well as all general issues of Precanceled stamps and may also be used for United States and foreign stamps of the ordinary size stamp.

The pages are $8\frac{1}{2}$ inches high and $5\frac{1}{2}$ inches wide. Pages are made for a three ring binder of standard size. There is a page with spaces for every number of stamps from 1 to 20, so that in mounting any stamps or any set of stamps it is only necessary to select a page bearing the number in the lower left corner, which number is equal to the number of stamps in the set or issue that you wish to mount.

If there are 12 stamps in the set or issue that you are to mount, a page with number 12 in the corner is used, this page bears 12 printed squares neatly arranged on the page in which the stamps are mounted. Each page has at the top a neat panel border in which the desired memoranda concerning the stamps mounted on the page may be made. If the set or issue you wish to mount has more than

20 stamps in it, you need select but two pages, the total number of spaces on which equal the total number of stamps in the set you wish to mount.

Thus in mounting any of the B11 issue of Bureau precancels you use a page with 15 spaces. A page with 15 spaces allows a space for every denomination from $\frac{1}{2}$ ¢ to 10¢, including space for both types of the $1\frac{1}{2}$ ¢ and 4¢ stamps and the new 3¢ Stuart Washington. Mount your set for any city on a page with 15 spaces, placing each stamp in its proper position according to denomination. So soon as a new value is issued for any city, place it in the proper place on the page. In this manner you have ready a place in your album for anything that may appear. The coils are handled in the same manner on a page with 10 spaces. For the new high values 11¢ to 50¢ order pages with ten spaces which will hold the ten varieties.

Pages are also provided for Coil Pairs and Blocks of four. We offer ten different pages for coil pairs, pages with from one to ten spaces for coil pairs and pages with from one to six spaces for blocks of four.

So soon as the B11 issue is replaced with a new issue of Bureau Precancels and a complete catalogue of the varieties issued is available, you procure pages to fit each city

or town, remount on proper pages and the pages from which you removed the stamps are ready for the new issue.

With this album, every collector can arrange his collection in just the manner that will please him best. You can group all the issues of any city together, you can keep the pages in alphabetical order by either cities or states, coils can be kept in their proper place with sheet stamps or you can keep them in a group by themselves. The album is entirely flexible to suit the idea of any system of arrangement that may appeal to you.

Sets of pages based on the current catalogue are available for all issues of Bureau Precancel Stamps that are now obsolete. These sets of pages contain a page for each city for the particular stamps in the group which they represent. You can buy these sets and at the same time you can buy single pages for any number of stamps that you have need for. The cost is moderate, the satisfaction of having a page and an album that will properly and satisfactorily take care of your precanceled stamps is now within reach of every collector.

The following sets of pages are now ready. With each of these sets is included a heavy front and back Title page of substantial cover stock, also a chart page showing the type styles and varieties.

Happy New Year To All

Stamp News This Week

PERHAPS our readers will pardon our presumption in giving the leading news item of this week to The Columbus Philatelic Club. Doubtless many of the members of this club feel that we do not give them as much space as we should, solely because it is a Columbus Club, and shouldn't a Columbus paper support its local club?

We try to look at things from the angle of the man who knows that there are hundreds of other clubs in the country and that the doings of the Columbus Philatelic Club are of little or no interest to him, not near so interesting as those of his own club even tho his own club may have but twenty members.

However in this instance the Columbus Philatelic Club is of interest to collectors all over Ohio and from over our border into other states and there are a lot of the copies of this paper that go into this territory.

The annual meeting, banquet, bourse, auction and gala party of the Columbus Philatelic Club is scheduled for Saturday and Sunday, January 13 and 14 at the Chittenden Hotel in this city.

Big plans are under way for a two day party and stampfest that will make all who attend, glad that they came.

The exhibition and bourse will open at noon on Saturday, about 3 p. m. the auction will be started and its about this that we want to speak most.

The auction is in charge of Norbert Gainey, the catalog of the sale is printed in this issue of our paper, the club believed that such a distribution of the catalog would set up a sale that would be of interest to those who attend for it is seldom that collectors in

this territory have an opportunity to attend a real auction sale and this sale is to be a real one for there will be around 250 or more lots.

Throughout the items offered, the condition is mostly fine to superb. In my own experience with auctions, and I conducted many sales in the past, I have never seen a sale in which condition, lot for lot was so perfect as the material offered in this sale. With but few exceptions, every lot is superb.

Then there are some really choice and outstanding items in this sale. There is a copy of the 10c St. Louis Bear listed at \$250, a nice 5c New York on cover, mint copies of both the 5c and 10c 1847, a beautiful strip of three of the 1c 1851, o. g. and brilliant color, a 1c 1856-7 catalogued at \$125, many other choice and superb U. S. and a wealth of beautiful foreign stamps consisting of many choice British Colonies both old and new as well as a few beautiful stamps of other countries. The outstanding item in the foreign being a copy of the rarest stamp of China, the 5c brown postage due No. 816b which catalogues at \$500. We do not remember of ever having seen this stamp in an auction before.

For air mail fans there are several choice Zeppelin and other covers so that something for everyone will be found in the sale.

Immediately following the auction the banquet will be next on the program and the Toastmaster, that inimitable Guy Harold Smith is planning a program with the help of the committee that will be interesting and entertaining.

Following the banquet you can look at the exhibition, attend the bourse or

party with the crowd till the wee small hours if you choose and again on Sunday the bourse and exhibition will interest you.

The Columbus Philatelic Club has one of the finest exhibition setups of any club in the country, 80 large frames each holding six large album pages and Ed Parker who has charge of the exhibit is making every effort to see that all of these frames are filled.

Therefore, if you are within reasonable distance of Columbus on the 13th of January, just come and visit with us. The entire cost is but one dollar for your banquet ticket, everything else is free.

The Club especially invites all stamp collectors to this meeting and we anticipate a nice attendance from Dayton and Cincinnati for collectors in that territory have not had the opportunities to attend meetings of this sort that have been so plentiful in the Northern part of the state.

Invitations are being mailed to numerous collectors and clubs within a radius of 100 to 200 miles from Columbus. If you do not get one, just take this as your personal invitation to be with us on those dates and if you can not be here, do not fail to look over the auction list which is published in this paper.

St. Louis, Mo.

Some weeks ago we printed news from Mr. J. J. Feldman of St. Louis, telling of the organization of a new stamp club in St. Louis, to be known as the "Collectors Club of St. Louis". We are now advised by Mr. Feldman

that the club has found it necessary to change their name since they have learned that there was already a club in St. Louis by such a name. Therefore the club of which Mr. Feldman writes has chosen the name of "Cosmopolitan Stamp Club of St. Louis."

Winston-Salem, N. C.

Mr. Justo Rios, newly elected secretary of the Winston-Salem Philatelic Society is also editor of a stamp column in the Journal and Sentinel of that city. The Winston-Salem Philatelic Society was organized December 4, with a charter membership of 18 collectors. Mr. H. I. Bliss was elected president and Paul Ashburn, vice-president.

Meetings are to be held on the first and third Monday evenings each month at 7:30 p. m. on the tenth floor of the Reynolds Building.

Milwaukee, Wis.

The Milwaukee Branch of the World Wide Monda Ligo Club now meets twice each month, first and third Thursdays. This branch was organized two years ago and now has 50 members. Meetings are attended by more than 100 stamp collectors each meeting. Local collectors are invited to get in touch with Mr. Rudolph F. Pape, 1305 S. 35th St., Milwaukee.

Wallingford, Conn.

Up in this town the Wallingford Junior Philatelic Club is fortunate in having such an active and enthusiastic member as Master Robert S. Thompson. Robert is but 12 years of

age altho he has been a stamp collector for five years. He is chairman of the Program Committee of the club and has taken it upon himself to issue a stamp paper for the club members. The paper is a typewritten sheet called the Stamp Club Review and gives the news of the local club and is circulated among the club members and local collectors.

Robert states that his ambition is to edit and publish a paper every week.

Springfield, Illinois

The Lindbergh Airmail Society and the Lincoln's Home Philatelic Society, both of Springfield, have merged under the name of Lincoln's Home Collectors Club.

The combination of these two clubs whose interests are in the same field should do much to create new interest in Springfield and it will give the members a greater opportunity to learn about stamps and to meet collectors whose interests are in common.

Both President Roosevelt and Colonel Lindbergh are honorary members of this society.

Chicago, Illinois

The Sears Roebuck Y. M. C. A. Stamp Club is reopening for the winter season and meetings are held every Tuesday evening at 7:30 at the Sears Roebuck Y. M. C. A., 3210 W. Arthington St. All stamp collectors are welcome.

Tulsa, Oklahoma

The first annual meeting and banquet of the Oklahoma Philatelic Society was held in Tulsa, on Friday, December 8th. Officers for the ensuing year were elected and plans are already on foot for the second annual meeting which will be held at Oklahoma City next year, at which time a large stamp show and exhibition will be a part of the program.

Bourse in Cincinnati

The success of the Stamp Bourse held in Cincinnati early in December has led the Cincinnati Branch of the American Air Mail Society, to plan another bourse for January.

This Bourse will be held at the Gibson Hotel, Saturday, January 13, from 1 to 10 p. m. In addition to the Bourse tables where stamps of all kinds will be offered for sale, there will be a special exhibition of the prize-winning crash cover collection of Mr. Robert Flinn. This collection contains covers from practically all airplane crashes including one carried on the Knute Rockne plane, together with photographs and newspaper clippings. All stamp collectors are invited to this exhibition and bourse.

Precancels

Information regarding new issues and prices of interest on all Precancels, other than Bureau Prints, should be sent direct to the Editor of this column.
K. M. GIERHART, BALTIMORE, OHIO

If you should happen to see a first class letter bearing a precancel don't get excited because the P. O. Dept. made a ruling allowing such procedure, but for only the month of December. Heretofore precancels could be used on first class mail but had to be additionally post cancelled. So as I understand this ruling first class mail may have just straight precancels and be within all regulations, during this period.

Santa Claus started visiting me early. From Emil Jahnke, the genial proprietor of the Swap Shop of Flint, Mich., came blocks and strips of the 2c, 5c and 10c old type dues and 2c, 3c and 10c new type dues from Ann Arbor, Mich. in U-75. From Frank Rossi of Chicago came NRAs of Kohler, Wis. up and down in U-120 type. From P. L. Alderman of Albuquerque, N. Mex. came an NRA from the home town in U-121 reading down.

From J. W. Stoutzenberg of Collinsville, Ill., comes a price list franked with a 1/2c Bi-Cent. and 1c C. of P. from the home town in U-121 and addressed to Rev. K. M. Gierhart. I have been accused of quite a lot of things in my time but never before of that. The New Deal Cover Service of Oshkosh mailed their latest price list with a 1c Bi-Cent from Kaukauna, Wis. in U-120.

Only in the Bi-Centennial catalog can a collector get the latest Universal Style chart, illustrating the new metal hand electros and the last types of the rubber handstamps as well as the double line electro types. Look over

your back numbers of LINNS and you will see the catalog advertised by reliable dealers. You should get a copy now so that when the many new stamps appear due to the holiday rush you will at least know what type we mean when we say U-120 or U-75, etc. The catalog is well worth the price asked.

Carroll, Ia. NRA U-120 up and 2c Bi-Cent same type. A 4c Taft from Great Falls, Mont. inverted and a government envelope precanceled Providence, R. I. are all of this week's interesting items. Where are all the Kosciusko precancels? They will have to hurry up or there are going to be some mighty scarce items in this issue and there will not be any ways near the number of varieties as of the 5c Olympic.

Jos. S. Grant of Mitchel Field, L. I. shows me NRA precancels from Garden City, N. Y. in two types of U-53. One has New York spelled out the other abbreviated N. Y. Also a 3c Century of Progress in the type with New York spelled out. He also showed me a couple of Sioux City, Ia., Bi-cent. fakes. These were made to imitate the U-1 type used there, the type used was a good imitation but they made heavy lines instead of bars and the lines were much closer together. This fake differs from the ones I described last week in that this one was made to imitate a type used by that city, while all the ones I described were made to imitate a general type, for only a few of the towns mentioned ever used precancels, and those that did used quite different types than the fakes were.

An Auction at Akron

We learn that Blake Battles the big stamp and cover man of Wellington, Ohio, is planning his first big auction sale to be held January 26, in the Mayflower Hotel, Akron, Ohio. The addition of a feature auction of the type that will be held will do much to boost activity in Akron.

Donald Dickason, well known Wooster, Ohio, auctioneer will conduct the sale.

2c. carmine
5c. olive green

(H. G. Spanton)

BRAZIL—Mr. R. Roberts, reports the stamp chronicled last week, as appearing in two different colors, so we note the second color:

200r. purple

The 200r. chronicled Oct. 14th, is already obsolete and bringing about five times face, locally, according to Gibbons' Stamp Monthly.

BRITISH GUIANA—Over a year ago, Oct. 29, 1932 to be exact, we mentioned the probability of a new general pictorial issue and we now learn that it should appear about the middle of 1934. Mount Roraima and the Kate-teur Falls will be shown on the designs as well as various other scenes and local industries. For the first time in the postal history of the Colony 50c. and \$1. stamps will be issued and we presume that these two values will replace the current 48c. and 96c. values.
(Gibbons' Stamp Monthly)

CANAL ZONE—It now appears that the 3c "N. R. A." chronicled Nov. 25th, is still a rumor and has not yet appeared.

CHINA—Yunnan—Two of the stamps chronicled Nov. 4th, have been overprinted for use in this province:

A39—2½c. pale claret
A48—3c. yellow brown

Sin Kiang—The two above have also been overprinted for use here.

Szechwan—Ditto here also.

(Gibbons' Supplement)

CONGO—A new Air Mail set is in preparation for this Colony. The design will show a monoplane over a country scene and the values are said to be 50c., 1fr., 1.50fr., 2fr., 3.50fr., 5fr., 15fr., 30fr., and 50fr.

(Philatelic Magazine)

DUTCH INDIES—Further information on the charity set due to appear before these notes reach our readers, is that the sur-tax will go toward the "A.M.V.J.", the Amsterdam Young Men's Society, which does so much good work for the unemployed men in the Dutch Colonies.

DOMINICAN REPUBLIC—Thru courtesy of "Revista Postal", a stamp magazine published in Santo Domingo, we are able to illustrate the new air stamp chronicled last week.

FRANCE—The 50c. F.M. chronicled Oct. 7th, we learn is not generally available, being supplied only gratuitously to soldiers for the purpose of franking their letters.

1fr. green
1.50fr. blue

GERMANY—We learn officially that the 25pf. Frederick the Great stamp has been obsolete for some time.

(Gibbons' Stamp Monthly)

The 1924 charity stamps were due to be re-issued on Nov. 29th, in miniature panes of 4 stamps, similar to the "Ipostea" issue, Scott's #707-710, each stamp being overprinted "DEUTSCHE NOTHILFE 1923-1933". These sheets were to be on sale at the Philatelic Bureau at Berlin and Munich for 3.50RMK. per sheet. We also learn that the demand for a 1pf. stamp will be met, by the issuing at once of a stamp of that denomination, in black, upon the swastika wmk. paper.

(A. F. Turner)

HUNGARY—Postage Due Provisional—Scott's type D6, surcharged like #1304:

(Gibbons' Stamp Monthly)

IVORY COAST—The two recent provisionals, chronicled in our notes of Oct. 28th, are already obsolete.

(Gibbons' Stamp Monthly)

JUGOSLAVIA—We are informed that the recent Red Cross stamps were withdrawn after only one day's sale. Large stocks must exist somewhere however.

(Gibbons' Stamp Monthly)

LIECHTENSTEIN—The 45 rappen Air Mail stamp has now been withdrawn from use and we understand it is to be replaced by a new 50r. value.

(Whitfield, King & Co.)

NEWFOUNDLAND—We have been advised that a second printing was made of all values of the Sir Humphrey Gilbert issue, above the 5c. The later printings are line-perf. 14. While the previous lots received were a comp-perf 13½.

(Gibbons' Stamp Monthly)

NICARAGUA—A set of four stamps has been issued in connection with the International Air Mail week recently held in Managua. The stamps were printed in small sheets of four and we understand that only 2,500 sets were printed. 10c. brown; 15c. violet; 25c. red; and 50c. blue.

RE-AKRON

Of course I attended the Party
In Akron on December third.
To miss that annual jamboree
Would seem, to me, quite absurd.

For they always have a good time
With surprises and eats galore.
They keep you going till early morn
And you like it and beg for more.

They always meet at the Mayflower,
The finest hotel in the town.
The "Jingle" Parade with the banquet
Chases every trace of a frown.

You meet all kinds of collectors;
They come from the Gulf and the Coast.
It's like a family Reunion
With the "Stampers" in Akron as host.

Some come to collect plate numbers only,
Others come to find a new coil
But, after two years' observation,
I think they all come for the oil.

Oil that you use on the hinges,
The hinges you find on the door,
The door to the "Visiting Firemen";
Does that make the "Sprinkling Cans" sore?

Oh yes, I joined with the "Sprinklers",
Took a vow to forever speak truth
And now I'll not worry about old age;
I drank from the "Fountain of Youth"!

Perhaps this is Greek to some people,
If so, why not join us next year?
And become a worth while collector;
A collector of friends and good cheer.

You really don't know what you're missing.
I haven't said one half enough,
But, knowing how popular Linn's has become,
They may not have room for this stuff.

But then, if they don't, I should worry!
I've expressed myself of the best;
The best of all "Stamp Club Parties",
I was honored by being a guest.

P.S. No, I'm not a collector of Foreign
Or Precancels, U. S. or Mint.
Paper Weights I collect for a hobby.
Does that sound to you like a hint?

A Valuable Tip

Mr. W. L. Kinkead, president of the Christmas Seals and Charity Stamps Society has sent a letter of greeting to all members of this society and enclosed within the letter was a complete set of blocks of four of Printers Color proofs of the 1933 Seal. These blocks, seven in number show each of the four colors of the seals and then combinations of the colors to produce the finished seal. The blocks are provided by courtesy of the National Tuberculosis Association and are printings of the Eureka Specialty Company.

While we can not tell you that members of this society will get such a donation next year we do feel that anyone interested in Seals would find it well worth the cost of membership should they receive a similar present next year and the tip we give is that you ought to join now.

For application blanks address the president, W. L. Kinkead, 58 Park Avenue, Glen Rock, N. J.

GOOD BYE 1933 The week between
WELCOME 1934 Christmas and
New Years is al-

ways one which I am glad to see come and GO. It seems to be a week following the climax of a lot of hustling, a lot of hard work, a lot of worry, a lot of wondering how much the wife is going to stick you for, for Christmas Shopping and it has settled the question of whether that new necktie is going to be one that you like or one that you would just as soon have got along without.

In other words, it's a lot of excitement that does not seem to get you anywhere and one can only mark time and wait till after this week bounded at one end by Christmas and at the other by New Years, is safely out of the way.

However it is an old custom that has been in vogue since long before we can remember and doubtless will continue for many generations after we are gone.

To get the most out of it one must enter into the spirit of the time and nothing makes that more interesting or more possible than when one is blessed with some little children with whom to share the joys of this season.

Somehow or other the activities with the little children seem to impress me as being more true to the spirit of the season than do the car-ryings on of the older folks for

Christmas is in the spirit and not in the value of the gifts we exchange and among the children this spirit is all genuine while we older folks are most apt to look a gift horse in the mouth.

So for this reason we offer to our readers and our friends in the spirit of the little children, our most hearty wishes for a New Year of Health, Happiness and Prosperity. Were we able to give this, no one could give you more.

OUR NEW YORK REPRESENTATIVE

Some few weeks ago LINPRINT completed arrangements whereby we are represented in New York City and adjacent territory by Mr. W. Edward Dickinson. Mr. Dickinson has thus far shown an earnest endeavor to co-operate with us in every way and we wish to bespeak for him the cooperation of the stamp trade in New York. Through personal contact with Mr. Dickinson, you can have closer contact with both LINPRINT and with Linn's Weekly Stamp News.

Mr. Dickinson is prepared to show you samples and to fill orders for practically all of the products of LINPRINT. He is also able to talk with you on the matter of advertising and promotion of your business through use of advertising space in Linn's Weekly. We believe that you will find it advantageous to get in touch with Mr. Dickinson who is located at 87 Nassau Street, Subway Arcade, in the same offices with Mr. Henry Baer.

To collectors in New York we suggest that you can see samples of all LINPRINT products at this address and you can procure the goods there at the usual retail price, thus saving postage costs.

We wish to promote a better understanding of our line of goods and feel that a visit with Mr. Dickinson will be desirable.

NICK CARTER The introduction of a specially prepared watermark liquid under the name NICK CARTER has proven that there is a demand and a market for such a product. Many collectors have known for years that numerous preparations which have been available at Drug Stores have given satisfaction in their use as a watermark detector. On the other hand, there are many collectors who have never known what to use for this purpose other than to use benzine. Benzine is inflammable, dangerous to use and is difficult to buy since Drug Stores seldom handle it any more.

Now, you can obtain from your dealer or direct from LINPRINT, a specially prepared and safe preparation at a cost no greater than you would pay for a satisfactory liquid at any druggist. That such a preparation is in demand has been demonstrated to our satisfaction and a large number of bottles have already been sent to collectors in all parts of the country.

A special introductory size bottle, 50% larger than the standard size bottle has been offered to introduce this preparation. A small number of these large size bottles are still on hand and within another week we shall be sold out on the sample bottles.

In the future, all bottles will be packed in square paper cartons with printed labels and instructions for use. The package will make an attractive one for any stamp dealer to handle.

RUBBER CEMENT

Much discussion on the desirability of the use of Rubber Cement for mounting stamps has appeared in the press within the past couple months. Our own plans for offering this material in bottles of a suitable size for the use of stamp collectors has been under way for some time.

At the present time we are using this cement for mounting in various ways and we have here in Columbus a fairly good sized collection that has been made over the period of the past eight or ten years and this collection is mounted wholly with this rubber cement.

The owner of this collection died recently. He was an artist with a Photo Engraving plant. In his work he had used rubber cement for mounting prints, pictures, photos, etc. As

Walter Quaintance, Upper Sandusky, Ohio

an artist and in conjunction with the work he did he has known of its qualities and its use for many years.

It was his belief that the use of Rubber Cement for mounting stamps was a very safe and satisfactory method of mounting. This man fastened his stamps flat to the page with the cement and at any time could readily remove the stamps. Stamps thus mounted and removed showed no injury whatever, even the mint stamps coming loose with gum intact.

There are of course some objections to such mounting. One can not so readily see the back of a stamp but why should a collector worry about the back of a stamp after he has once satisfied himself as to the identity of the stamp and placed it in its proper position in the album.

The great virtue of this method of mounting is the neatness of your page, the perfect manner in which the stamps lay flat, do not curl, can not become loose and damaged in turning the pages.

From our personal experience in the use of rubber cement, and from accounts we have seen in other papers, we are inclined to believe that the adverse reports concerning it have been caused by the use of inferior material or by the wrong material.

The proper Rubber Cement is clear in color and we do not believe it will be found injurious.

It is our intention to offer this CEMENT in the near future. We had hoped that the announcement could be made this week, but before doing so we are having thorough tests made by local chemists. It is our wish to offer a preparation that we believe will be fully satisfactory to all. We are fortunate in having chemists among whom there is a stamp collector so that we can feel that when the tests are completed that the interest of your stamps will be safeguarded chiefly because the chemist will know what must be expected of the product that we will offer.

The preparation, when put on the market will come in bottles, with complete instructions and suggestions for use. The bottles will retail at 25c,

postage 6c extra. Orders will be accepted at any time and shipment will be made sometime in January, after announcement of the product is made in our columns.

Dealers will find it desirable to stock this preparation and our usual wholesale discounts will apply on orders for a dozen or more bottles.

Don't be surprised to see quite a few Buros on first class mail this Christmas. The P. O. Dept. has issued a bulletin that precancels can be so used on first class mail during the holiday rush.

A card from C. A. Dawson, Mt. Vernon, O., and he chides me for not listing some Columbus items. These were fairly old when I took over this column and believed they had been listed. However here they are: the No. 94, 3c ord. and No. 145, 3c coil. Thanks, Mr. Dawson.

Block collectors will have a little more searching to do on the high values as they do not seem to be as plentiful as others. The reason being, I suppose, that they are oblong, and are torn in strips for ease of handling.

Did you ever have the pleasure of looking at an almost perfect page of Buro Prints from one city? I have. And a pretty sight, too. Each and every line EXACTLY on the same position on the stamp, and each and every city name exactly centered in the oval of the frame. Something worthwhile, and will make even the most

experienced of collectors change lots of items in his collection.

A Happy and Prosperous New Year, and may it fill lots of those blank tough spots.

Lindy's Are Home

When Colonel and Anne Lindbergh dropped their big red monoplane in Flushing Bay on Dec. 19th, they completed one of the greatest feats in the history of aviation.

Covers connected with this event will be scarce except those which have been sponsored to welcome their safe return to their native land.

The Lakewood Stamp Society sponsored one of these bearing a blue printed cachet showing a good representation of them leaving their plane which was mailed from New York, at 5:30 P. M. Dec. 19th.

Cover bearing F. A. P. S. cachet received from M. Sussman, this is a good printed marking in red, showing the globe and a plane in flight over the South Atlantic, and was mailed from Governor's Island Br. Station at 3:30 P. M. that day. Both of them are welcome additions to any Lindbergh collection.

Zepp Covers

Dickason reports that the total number of covers carried to and from all points on the recent flight to the Century of Progress was 61,867 letters and 2,539 cards, which shows that moderately priced covers are much better patronized by collectors.

from this N. C. office on Dec. 17th, and states that 514 covers bearing this cachet picturing their plane were mailed. This anniversary was also commemorated by the Los Angeles Cover Club with a good cachet at the Grand Central Air Terminal at Glendale, Cal., and in this cover H. E. Richmond, 2926 N. Broadway encloses circular stating the objects and benefits of the Club.

Historical and Other Cachets

The All American Air Races are at Miami, Fla. Jan. 11-13th and R. W. Speakman, Cachet Director of the Chamber of Commerce writes that a good cachet will be applied in a different color each day—also that he is still holding 900 covers for the MACON visit, which may yet occur this spring—also says he hopes to have a Lindbergh cachet but we have not seen same yet.

Geo. Fortier of Kern County Chamber, Bakersfield, Cal., writes that the MACON has not visited the San Jacinto Valley yet and he's still holding all covers and shows me sample of the cachet provided which is fine.

A. H. Baker, Box 1266, Orlando, Fla., shows me copy of cachet to be used there Jan. 10th, 1934, for the Doherty Cup Race, and offers to handle covers for readers.

A Maryland cachet for Margaret Brent, Jan. 21st, known as the first woman suffragist. This will be printed, so regular size covers should reach Fred J. Wheelahan, 3210 Normount Ave., Baltimore, before the 18th.

Elmer R. Long sends me the first of the Harrisburg B-Centennial Series, and says that regular size covers for the next of the series should reach Dr. John A. Fritchey, 2016 No. 3rd St., Harrisburg, Pa., before Feb. 1st.

Dewey L. Suit sends me a Boston Tea Party cover Dec. 16th, and it was a good marking in green.

USS Astoria will be commissioned about May 1st, and the U. S. C. S. Chapter will have cachet. Covers to D. C. Bartley, Green Lake Sta., Seattle, Wash. The USS San Francisco will be commissioned about Feb. 15th. Send covers to Postmaster, Navy Yard, Mare Island, Cal., with instructions "Hold for USS San Francisco

Commissioning." Thanks to E. H. Brennecke. Also James Allbulton, Mail Clerk, USS Hatfield, care Postmaster, San Diego, Cal., offers to hold covers for holiday markings on board ship.

E. H. Brennecke advises that the United States Historical Cover Catalog for 1934 will be on sale about Jan. 15th. Price 60 cents.

Pop and Ann Retire

Up in Akron, Ohio, the Rubber City Stamp Club has been obliged to elect new officers. For three years, Walter T. Poppenger has been President of this Super Club while Miss Anna M. Schafer has acted as Secretary. Throughout this period the club has prospered until it is known today as the outstanding stamp club in America. Its annual parties are second to none and all who go come away with just that feeling.

Both "Pop" and "Ann" have felt that they have served their time in their respective offices and even last year wished to be relieved of their duties, but the members of the club willed otherwise. However this year, their insistence that someone else in the club shoulder a share of the work of the club, caused both of them to refuse to accept their offices again and new officers were therefore elected.

While we as well as all their friends regret to hear this news we can only feel as they do, that they have given their share to their club and are entitled to rest on the record of their achievements.

In retiring from their respective offices the club has seen fit to elect both of them, together with Dr. M. B. Crafts to the Board of Directors of the club and with this able board to guide and help the newly elected officers, we feel confident that the glory and achievements of the past will be an incentive to the new officers for the future.

Newly elected officers are Ray M. Boling, president; Harold S. Wagner, vice-president and Robert (Bob) W. Richardson, secretary-treasurer.

Richard Wagner Com-memoratives

Germany's latest contribution to philately, in the form of a semi-postal issue, gives the collector another fine opportunity to broaden his or her knowledge in something other than just the mere phase of stamp collecting. No doubt, but what most every-

one has heard of this famous composer, but only a small percentage of Americans (the writer being no exception) are familiar with more than four out of the nine operas depicted and then probably in name only. Thus while trying to enlighten those who might be interested in this predestined popular issue, we will also be educating ourselves.

The 3pf. plus 2pf. shows Tannhauser, whom legend connects with the Wartburg and Elizabeth of Hungary, probably in the scene in Act I, where he plays his song of love to Venus and then begs to be allowed to depart from the Venusberg in order to see the outside world.

The 4pf. plus 2pf. pictures The Flying Dutchman himself, sailing his weird ship.

On the 5pf. plus 2pf. are shown Woglinde, Wellgunde and Flosshilde, the three beautiful daughters of the Rhine and guardians of the Rheingold, who, by losing the gold to the dwarf, Alberich, commence the sequence of events which form the subject of the famous "Ring" series of operas. Alberich is seen in the background, clutching at his stolen prize. This picture is a scene from "Rheingold".

A scene from "The Meistersingers" forms the subject for the 6pf. plus 4pf. Hans Sachs, the cobbler, in Act II where he sits in front of his dwelling making shoes for Beckmesser, one of the rivals for the hand of the lovely Eva.

On the 8pf. plus 4pf. is a scene from Act III of "Die Walkure". Wo-

tan, the God of Gods, bends over Brunnhilde, his daughter, and one of the Shield-Maidens (Walkure), and takes from her, her helmet. Brunnhilde, having displeased her father, is put by him into the magic trance from which she is awakened by Siegfried.

The 12pf. plus 3pf. depicts Siegfried slaying Fafner, "the mighty worm or dragon", guardian of Wotan's treasure. The scene is from the opera "Siegfried". (It might be well to note here that Scott's No. 852 of Austria,

shows the conclusion of this mythical occurrence).

20pf. plus 10pf., from the opera "Tristan and Isolde". These two characters just named, are showing about to drink from the goblet which unexpectedly holds a love-potion.

25pf. plus 15pf. "Lohengrin". He, also known as "The Knight in Shining Armour," is shown as he arrives in answer to the prayers of Elsa. The swan which miraculously drew his boat, also appears on the stamp.

Last, but not least, is the scene from "Parsifal" on the 40pf. plus 35 pf. This scene is from the end of the opera, where Parsifal holds aloft the Holy Grail (these two words should bring to mind King Arthur and his Knights of the Round Table) and pronounces himself the new King of the Knights of the Grail.

Note: The assistance of Mr. P. F. Koch and Gibbons' Stamp Monthly is hereby acknowledged in securing the above data.

Mr. Barr's Cat.

After the publication of the catalogue for the recent sale of the Hind Stamps much favorable comment on the beautifully printed catalogue was made in the various stamp publications. Linn's Weekly praised both

Mr. Phillips and his printer for the handsome piece of work, for being printers we happen to be of the class that does appreciate and can see the beauty in a handsome piece of typography.

Mr. Hugh C. Barr of New York, who is now doing business under the name of Hugh C. Barr, Inc., recently had printed in STAMPS, a claim that his catalogue was a superior piece of typography to the Hind Catalogue.

We have no wish to butt into this controversy if such it may be called. Our main object in speaking of the matter is because we like to encourage the use of good printing and if some of the Auction Dealers whose catalogues we receive could only realize that all the difference between a first class catalogue and a mess of errors and unreadable junk that they mail out now and then is a difference of about 20% in cost, we believe that they would find that actual results from their catalogues would justify the increased cost.

Frequently, a decent job of printing is spoiled by poor typography or an unwise selection of paper. A good printer can help you avoid such things without adding to the cost.

The catalogue of the January 3 and 4th sale of Hugh C. Barr, Inc., at 38 Park Row, New York, is a sample of this excellent printing and the catalog before us is filled with offers of choice stamps.

Newfoundland

Something new under the sun. Advances from London are to the effect that Newfoundland's political and financial affairs will be ruled by a British Governor until such time as her finances are on a sound basis.

This is the first time in the history of the British Empire that a Dominion handed back its sovereignty. The financial condition of the country is such that the islanders are facing complete ruin. Altho taking control of the country will place added burden on the already overtaxed British, it is realized that the condition is so serious that a Governor and a Commission will be appointed soon. The countries industries will be overhauled, such as placing her world famous fish-

eries on a scientific basis, and new industries will be developed.

As Newfoundland has been a self-governing Dominion of Great Britain since 1855, the far reaching effects of this change become apparent. Perhaps the postal system will also be overhauled and a sharper watch should be kept for new issues. Also the effect of the new policy on the present ever popular issues of this country.

End of Prohibition Told in Cachets

When Beer came back to various states, many covers with cachets commemorative of the event came to the office of Linn's Weekly. Now that Prohibition is legally dead some very clever covers have appeared and we can not refrain from telling of the one which bears the name of A. F. Gerard. It is cancelled at DRYVILLE, PA., on December 5, a mourning envelope with a quarter inch black border picturing three gentlemen with the typical high hats with ribbons on the crowns, long coats and each carrying an umbrella. Below this group are the words "IN MEMORIAM". Truly a very appropriate cover done in excellent style.

From W. D. Johnston, Jr., Washington, D. C., a cover picturing three assorted tall bottles of divers shapes, with a couple glasses above which is the single word "WELCOME".

G. C. Rahder of Pittsburgh, Pa., sends a cover with an appropriate written cachet and a verse that fits the occasion while William H. Gilley of Chicago sends a cover cancelled in Wine Red at GOODWINE, ILL., and the stamp is obliterated with a wine glass.

Atlantic City, New Jersey

The Atlantic City Stamp Club is already at work on plans for the 1934 convention of the A. P. S. New officers for the local club were elected at the meeting of December 6, and will be installed at the meeting of January 3rd.

Application for a charter as a Branch Club of A. P. S. has been made and many of the individual members are applying for A. P. S. membership.

BROADWAY CHATTER

By BI STANDER

We noted in the rotogravure section of the New York Times President Roosevelt receiving a present for his stamp collection of a book containing samples of all the Christmas Seals used since the first campaign in 1907. In the picture was shown among others Mr. Dorsey F. Wheelless, who has been connected with Scott Company at their main office in New York. Mr. Wheelless certainly knows Christmas Seals, and for that matter stamps in general.

The Ackerman collection of Spanish stamps brought \$6,322.70 at the auction of the J. C. Morganthau & Co., 23 West 47th Street, and good prices were obtained. This collection of Spain was one of the best assembled here in the U. S. A New York dealer Paul Wise paid the highest price for one item \$500 for a block of thirty of the deep blue used stamps of 1853 of the six reales value.

In years gone by we were heavy readers of the Alger stories, of the rise of bootblacks who became captains of industries and what not. Just recently a woman arose to the occasion and that was at the last Ohlman sale. Walter Scott the regular auctioneer on account of sickness in the family was unable to conduct the sale, the first one we have ever remembered that he had missed, and into the breach stepped Rose who has been employed by Mr. Ohlman for eleven years or more and conducted the sale creditably and so interestedly that those in the room felt they were glad they had come.

Eddie Cantor on the radio Sunday, December 10th gave this quip, on the Chase and Sanborn hour. This concern advertises dated coffee and Eddie stated that it would be a good idea to feed chickens rubber stamps to give dated eggs.

The Seth Parker, that staunch vessel sailing around the world, while on its way in Boston Harbor gave a concert over the radio also. This vessel is carrying quite a large mail to be sent back to collectors from various ports.

Bill Bliss has opened a stamp shop at 87 Nassau Street. We may be mistaken but we think there are fifteen stamp dealers in this building, and one can start in the morning on the upper floor and finally land in the subway basement late at night and a good time would be had by all.

George Stange and H. C. Thiel having a shop in the Bryant Park building has severed partnership.
